“ There are so many memories I could share about my beautiful sister Anna. One is being old enough to go to her annual Halloween costume parties many years back, she always would have a watchful eye on me not to get in mischief, as we would often do together. My last memory was the week before she "crossed over", Russell and Anna had given Dee and I a new waffle iron just because that's how big hearted they both are. Anna was excited to premake waffles (like mom) and freeze them. She spoke about waiting a long time to replace her broken iron due to Walmart not having them so she bought two. Always Anna to think like that. I love you dear sister and will cherish the time I had with you forever, until we eat again. Diana.

“ *I have so many memories with my sister. I think one of my favorites is her showing how to put makeup on for the first time. And when she would wait for me to get out of kindergarten and walk home with me...because I hated all the grasshoppers in the field. I love you sister Anna ba banana!!!*
