“ My name is Anthony Bannwarth, I am working in Medford today and I was hoping to get to Yreka after I finished working today I lost his number so I ask the internet for his number and I got his obituary instead. Arnold was one of the best people I could ever have met in my life. He treated me like a son, doing whatever he could do when I needed help without hesitation. My Condolences to his son and daughter, your father will forever be in my prayers and thoughts.
