

Clifford Gene Paige

August 27, 1950 - October 10, 2016

Hornbrook resident Clifford Gene Paige passed away on October 10, 2016 in Yreka. He was 66 years old.

Cliff was born on August 27, 1950 in Hanford to Clifford and Louise Paige. He was a contractor for many years, building homes from the ground up in the San Jose area. In 2006, he and his wife, Mary, moved to Hornbrook where he built their home. He enjoyed polishing rocks to make jewelry, and was an accomplished woodworker.

Cliff is survived by his wife, Mary, of Hornbrook; a son, Jarrid Paige of Roseville; three step-daughters, Cynthia Dickson and Denise West, both of the San Jose area, and Michelle Keyes of Vancouver, Washington; four grandchildren and seven great grandchildren.

No services are planned.

“ I wish I had the opportunity to have met Gene in person, but I was graced with his friendship here on facebook and knew him to be a creative, open minded person - someone with whom I would have enjoyed a long conversation with. Maryelle I can not conceive the loss you and your family must be feeling. Please know that Gene touched a lot of hearts, mine being just one of many. My deepest condolences,
~Ramona~

“ Gene Page is a beautiful soul. I knew i liked him the first time we talked. He had such a gentle loving manner about him. He talked about Maryelle quite a lot and shared stories of their time together, with me. I feel honored to be included in his circle of friends. I think of him everyday, and in turn, i think of Maryelle. I am blessed to have shared in a few precious moments, basking in the warm glow of his love for her.. see you on the other side, Genie~
