“ *Condolences and prayers. I too live across the country from Corey. Time that I did get to spend with Corey are unforgettable. My favorite was the golfing in Tucson...great time! Corey was my brother in law for quite a while...I never not considered him family. Rest in Peace, my friend.*

“ *My Uncle Corey lived across the country from me but I always knew he cared. He was always positive and uplifting to me in times when I needed it. Thank you Corey for being there despite the distance. I know your soul is with the best if them. Your body may rest in peace but I know you are having a good time.*

“ *I will never forget sitting there with you years ago trying to figure out how we were related since your sister was married to my Daddy. We decided you were my Uncle but since I was older I was the boss. Ok well maybe I decided that part....but u were ok with it. I will never forget our silly chat on Facebook where we replied using some kind of cheese. You cracked me up & u kept coming up with some "gouda" ones. ba ha. I was very amused that day & impressed u could keep up with my silliness. You touched so many people with your kindness, your coolness & your humor. You will be missed but never forgotten Corey Methvin! You have & will always be a rock star. Give my Daddy a squeeze for me. Until we meet again....U.C. Love u always, N.L (niece Lori)*

“ 30+ years ago we met on the baseball field playing for the Elks Lodge. we played together for 3 years as TeamMates. To this day I remember you being a teammate!

You was always everyones TeamMate regardless of if you had known them 30+ years or 30 seconds.I remember us sneaking off and having "unscheduled practices" at Mr. Faithes House because we did not have confidence in our coaches practices, Most of the team showed up for these practices.I remember staying the night at your Grandparents house a few times, Halloween stands out in my mind. I left Yreka when I was 13, I have a sister that lives there to this day I visit. We ran into each other at a bonfire.. I want to say we was around 20. We hung out together all night. Never got to see each other again after that but found each other on facebook.

Corey was a Golden Man!! left impressions on people like me, who had not seen him in 25 years but felt so strongly about him that these memories come flooding in. My son has been in Heaven now for 16 months. I can only hope the two of them bump into each other and become friends as well !

“ To my baby brother I will always remember the day I told you I was pregnant and you responded " Am I going to be and Aunt or an Uncle?" I know it was your time to go, but I would give a million just to hug you one last time. I am happy that I got to talk to you at your last hospital visit and that I got to tell you that I loved you and you said I love you too Sissy. You will forever be in my heart and I know that one day we will be reunited, until then see you later Corey Borey Boo, your Sissy

“ *My dear friend,
You came back into my life after many years.
I had forgotten you after being in Arizona
during that time. You came and helped me
unload a 12 ft trailer full of boxes and
furniture. You were in pain but helped anyway. I got hugs and big
smiles all day. You were so sweet to this old lady. I will miss your
funny midnight quips as I worked graveyard shifts.*

*Whaddup cuz? You left without saying goodbye! But, I suppose that is
what we do in this life...we forget how important everyday is...just know
that I would let you taze me over and over if you would come back for
one more day! I love you, dude! And more than anything I will cherish
the memories and fun times we had last year! Rock out! Say hello to
Gunn and look out for us! Until we meet again...big hugs and butterfly
kisses! Devastated that I couldn't be there to help you! Gave your bro a
big hug when I saw him...we are all so sad! Starling and you will always
have a place right here in my heart...rest in peace my sweet friend!*
