“ I really appreciated the fact that you liked me and was always glad when you stopped by my house. You were generous, bringing by fish you had caught and lumber. You worked hard and were honest, straight-forward, tough-as-nails, but respectful and with a kind heart. You were very proud of who you were for good reason. I looked forward to becoming better friends, my family and yours. I miss you already.

You set a high standard for the young men in this community. Safe travels home, Dale.

“ Dale Im so proud of you for working and taking care of your family. You and Britney are a perfect picture of what love should be. I will always pray for you and your family. I wish I could hug Walt Salina and Kathy. And send my love to your everyone. Alot of people loved you.

I loved Dale. I spent many childhood years laughing(he was really funny to me), wrestling, hicking, and catching snakes and lizards with him. He was good people. He will be sourly missed.
