“ He was my dad too.... I loved that man more than anyone will ever know. He was there for me through the worst of my life and he helped me raise my two girls. He loved me and my children and he was more than words could express. He had lifelong friends and he spent time in Africa (how I loved his stories) I miss you daddy... love your daughter Shawn ❤️❤️

“ *Dale was the best brother-in-law in the world. He was kind, funny and made our family better. Dale was hard working logger and liked to tinker with small motors, We loved him so much.*
