“ Donna and family

*Please accept Sandi Tufts Nordquist' and my heartfelt condolences on the untimely passing of my best friend in this world, David Patrick.*

*I am sending this email now since Donna's phone is no longer working and it has taken me several weeks to overcome the terrible sorrow and grief I have had from losing a friend that was like no other. My cousin suggested that I send in this email that I hope and pray will reach Donna who I morn with in the deepest sorrow imaginable.*

*David was my confidant in high school and my best man at my wedding and was always there for me during high school when at times I was barely able to cope with the harsh environment I had to deal with daily. His always calm and caring demeanor was a blessing to me and everyone who knew this unusually wonderful man who the Universe has now reclaimed back to the spiritual Paradise where all souls come from and go back too after their time in this physical world has ended.*

*I was SO upset that I was not able to learn about his passing or his funeral for a variety of reasons until I read about it in the newspaper a few days after the funeral but certainly understand how devastating his passing must have been to all of you and to his so many friends as well.*

*I spoke to Donna on the phone on July 8th and she said she expected him home soon so I waited for a couple of weeks to hear from him to no avail and wondered why he did not call I am so sad to think that his health may have turned to the worse that evening and prevented us from talking about summer plans that I was so looking forward to being part of after so many years apart.*

*If a family member would be so kind as to let me know the details and circumstances of his passing, I will be forever grateful.*

*I travel in and out of Yreka a lot but still live at 662 Miner Street and my phone number is 916-291-2151.*

*So very sorry for your terrible loss  
Sincerely,  
Fred Schantz*

“ *Many years ago we were snowmobiling with the Patricks up at Paulina Lake. Dave lost his wallet and we found it in our pickup. When we called to tell him we decided to toy with him a bit. I pretended to be a random woman and asked if there was a reward for the return of the wallet to a Mr. David Patrick. Dave held his irritation, barely, and proceeded to give me a lecture about doing the right thing just because it is the right thing. I couldn't stand it and burst out laughing somewhere in the middle of his rant! Once I told him who I was he laughed and said he really wanted to tell me off but he wanted his ID back! Sooo funny, and he was a good sport!*

“ David and Donna are my second parents and calling them Mom and Dad is a great honor. I have been very blessed to have them in my life and for their daughters and granddaughters to share them with me. I was lucky enough to snowmobile, camp, fish, hunt and be part of David's life and family. He has been my bird hunting buddy for several years now. I am heartbroken with his loss, but consider myself so lucky to have had so many special times and memories with him. He was a great man and an amazing roll model. He loved with all his heart and was always there to help, listen and support. I pray for our Lord to wrap His loving arms around us all, to give us piece and understanding. I pray that He dries our tears and mends our broken hearts. And I thank Him for bringing David (Dad) into my life. Donna, Heather, Ciera, Haley, Madison, Megan, I love you all so much. You are my family and always will be.

“ I was so saddened to hear of David's passing. Myself along with my sister Su and brother Steve grew up right next door to David and his family and shared many happy times living in a family oriented neighborhood on Herzog Blvd. Growing up in the 60's allowed us as young kids to enjoy evenings playing kickball, four square, hide n seek, softball, and later on, the joy of jumping into David's souped-up pickup with the tuck n roll upholstery and heading to the Grenada Bridge for a splash in the creek. David was so proud of that pickup and the rest of us loved hanging out with him, such a nice guy. It was a great time to grow up along with the Starritts, Laustalots, Behnkes, Swickards, Brahmans and of course, the Patricks. And my family, the Haltermans, still cherish those memories.
