

David Glen Shaw

August 26, 1946 - March 5, 2016

David Glen Shaw was the first child born to Glen and Ruth Shaw on 8/26/1946 in San Francisco, California. Mr. Shaw died on 3/5/16 due to a heart attack at home.

Dave and the family moved to Shasta County around 1952. He attended Magnolia Street Elementary School and, graduated from Central Valley High School in 1965. Dave graduated from Shasta College, after studying courses related to his profession in forestry, and attended Humboldt State University. Prior to college, Dave proudly served 4 years in the US Army. He was a veteran of the Vietnam War. Dave worked through college in the saw mills, and summers with the United States Forest Service. He retired after 25 years or more in with the Klamath National Forest in Siskiyou County. He resided in Yreka, California. Dave enjoyed his retirement years with activities involving metal detecting and ATV clubs. He had many friends in Siskiyou County. We all knew Dave to be creative in painting, ingenious with ideas, and having a great sense of humor. Dave loved his family and friends very much. He is survived by his brother Steve Shaw (Debbie), and his sisters Joy Shaw Hayes, and Bobbie Lee Shaw. Although Dave had no children, he truly loved his niece Shannon Henry (and her children Jordan and Rylie), along with his nephews Alex Hayes and Grant Hayes. Dave is also survived by his dearly loved yellow lab, "Jake." Please take a moment to remember his humorous jokes and antics with the hope that they bring a smile. As he said in his

Advance Directives, stating "I'm going home, and will meet you all in Heaven."

Dave requested no services, but would like family and friends to gather for a picnic and enjoy a sunny day. The family will be hosting an event in the next couple months. Please email your contact info to Joy Shaw Hayes (newjoys53@yahoo.com) or to Bobbie Shaw (littleartiste@Att.com). Thank you.

“ Dave was a gentle kind person who always made my visits to California more enjoyable. I feel like it will be so different on my next visit. I will miss him around the campfire.

“ My cousin and I went through kindergarten together in Pleasanton, our teacher was Mrs. Barnes and I can still remember her scent. It brings back good memories. David acted like my big brother and if I was having problems he always told someone. David also gave me my first ever kiss. We were about 9 yrs. old and very close. Even though visits were few, when we talked or saw each other, it was like kindergarten wasn't all that long ago. David and Joy Anne were a pair and he's going to be missed much by her. He will missed very much by all of us, as a smiling positive person always is. See ya kid.
