“ De you came into my life thru my kids, all of you so young and watching you and Barbara be so close and sharing so much as you grew up has been often recalled in my memories. Now both of you are together again and family and friends are suffering but what I have learned is no matter how hard life can get, go to bed grateful for all you do have. (I believe you knew this too!) and its far better to have had you in my life than to never have known you at all. That goes for both of you! Love and prayers to the family.
