

Donna Jean Hahn

May 29, 1960 - October 24, 2019

Donna Jean Hahn, 59, passed over to the other side on October 24th, 2019 peacefully in her sleep with her husband, Bob, by her side.

Donna was, and still is loved by everyone she touched in her life. Her joy for life was infectious and she transcended her joy, understanding, and zest for life into her friends, family, dogs, cats, even the horses; however, snakes (of any kind) were not included into her incredibly happy realm.

Donna was born on May 29th, 1960 in Yreka, CA. She was raised in Hilt, CA alongside her older brother John and younger brother Alan. She lived most of her life in Montague and the surrounding area.

After graduating Yreka High School, she worked, managed, and eventually co-owned Swain's Grocery Store, founded by her beloved grandparents Dorothy and Homer "Bootie" Swain, in the heart of Montague. She worked closely alongside her mother Trudy Soli, Mary Brooks, and dearest friend Caroline Spencer.

Donna married Bob Hahn in 1987 and together raised two wonderful children, son; Kelly, and daughter; Kylie. She was the pillar in the upbringing of their children, as her husband's business required frequent travel. Her energy, wisdom and love were beyond measure.

Her enthusiasm for golf blossomed during the several years she worked at Shasta Valley Golf Course. She loved the small-town course and all its members.

Her most recent passion was watching her two beautiful grandchildren grow. A private Celebration of Life is planned to take place this coming spring.

“ I am so sad to see this. I spent a lot of time with Donna when I was growing up in Hilt. We would go to Montague to see both of our grandparents. We had fun at the Swain's grocery store and at the Montague hardware that my grandparents owned. My favorite memory is eating pie at her house and her mom giving us straws because it was so liquidy 😊 Donna was always a sweet person...May she Rest In Peace in heaven now with her parents and brother ❤️

“ Donna even though we didn't live close we raised our kids to be great friends and respectful children. Always had a good time coming up, the creek at the klamath, loving the smell of snow and just hanging out. We will always love you and someday we will be together. Love you John Lisa Johnny Michael
