

Elaine Louise Bradley

March 27, 1955 - November 8, 2019

Elaine Louise Bradley, lifelong resident of Siskiyou County, passed away unexpectedly on November 8, 2019 at the age of 64.

She is survived by a family who cherished her, including her parents, James and Louise Gubetta, and her siblings Anna (Roger) Volf and Howard (Ronda) Gubetta. She is also survived by two children, Daniel and Elizabeth Bradley. She had many nieces and nephews whom she loved dearly, as well.

Elaine graced us for but a moment in time with her strength of spirit and selfless nature. She is remembered by her friends and loved ones as someone who cared greatly for her family and her community. She dedicated over 25 years of her life to Siskiyou County Human Services. She lived a principled life of compassion and forgiveness which she used to survive the challenges she met in life with grace. This made her a wise confidant to all who sought her advice. The example she set of love, kindness and generosity will be greatly missed by all who were honored to share in her light.

A celebration of life ceremony will be held at 10:00 a.m. on Friday, November 22, 2019 by the gravesite at Winema Cemetery, followed by a reception at St. Michael's Hall, next to the Holy Family Catholic Church in Weed, California.

“ Daniel and Liz, so sorry for the loss of your mommy. I just heard today, sorry I wasn't there for you guys. She is with Jesus now, a much more beautiful place than here. I know you miss her and will see her again in heaven, she lived the Lord and I know He loved her very much.

“ I wish I had not lost touch with Elaine. I have fond memories of going with Dan any Lane into the California club and it would be packed when we got there and it would be cleared out in a matter of minutes because probably everybody in their head had one of the three of us as their worker at some point and I guess they figured we were there for reasons other than going to play pool.

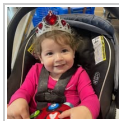

I remember one day when we were carpool lane and she got in the car and clearly she had had an up-close-and-personal experience with a skunk. We we're not shy about telling her so and she was frustrated because she bought out all the tomato sauce or juice or whatever it is at the market and bathed in it and she still couldn't get rid of the smell we just took her home and told her keep keep working on it. She still hadn't actually gotten the skunk to leave her house yet.

I also have fond memories of I'm moving to yreka spending the day they're putting a crib together for Elizabeth with Joe Allison. Elaine talked most about her children whom she adored.

Elaine's energy and outgoing loving spirit as well as her infectious laugh is something I remember decades later. It's hard to imagine she is gone. So sad , shocked and sorry to hear of her passing so young. My heart goes out to the family during this very difficult time.

Sincerely,
Nancy Witherell

PS sorry for the errors. Using my phone microphone doesn't always come out exactly as I thought I said it for instance no carpool lane just carpooling...
