“ *Funny how time and life fly so very fast!! 46 years ago we lived briefly by Lake Shastina and went to school with Frosty! He was a great guy! My brother, Steven Plant, and I were reminiscing about our friends from Yreka just the other day. Of course, we talked about Frosty and his crazy pet monkey! I am sad that he died before we could get in touch. I am so very glad that he walks with God! Blessings to all of his loved ones.*

Frost , my funny cousin , I will always remember how you made me laugh , one of my memories is when we hid under the window and spied on the adults , recording what they said, we though we were so sly .

I remember when I met Craig and Frosty they were very kind to this annoying little girl. Frost was a gentle, kind man and my memory of him has been passed on to my girls.

“ We will never forget how much Frosty loved to see his Grandchildren. The first time he saw his granddaughter his eyes lit up and he couldn't stop saying how cute she was. He had the same look all over again when he met his Grandson, and you could really see the joy in his eyes. He had a wonderful sense of humor even while he was so sick. Frosty we will miss you and the kids will always get a kick out of their Grandpa Frosty the snowman. We are so happy to know that Frosty will be spending Christmas with Jesus!
