“ *Dune dune we love you and miss you so. We shared many memories with you. But most of all you protected our family as my husband was away on work fighting fires. Someone broke through our fence and in our back door I called you and it took you 2 minutes maybe to get there. You went into my house checked it out came back out fixed my fence did a better job than a cop would have patrolled our house ever night all the time while he was away. It went so much to us. You mean so much. Still is unreal you are gone. You are warrior our Creator gained home I'm grateful and blessed to have gotten to know you. Thank you for all the great memories and precious times warrior may you hunt freely.rest in peace dune dune*

Loved and Respected from Uncle..... Times with him were precious, and brother in law was a big influence to my choices in life. In '70's. Use to babysit Brandy and Duner. They were the best kids that needed no one. They enjoyed what they did as Children. Charlene is my eldest Sister, and Harold made trails for his Children. Never thre was hardship: Harold worked hard to make a nice home. I Love You Duner...
