“ I have known Hazel since my childhood, I met her daughter Cheryl in Middle School, when ever I visited their home as child and through out my adult hood, Hazel always made me feel like I was part of the family. She would welcome all of Cheryl's friends, many of Cheryl's friends adopted Hazel as their second mother. I am so sorry for your loss, I know my words are inadequate, but I am truly sorry for what you're experiencing right now. Please let me know if there's anything I can do to help.
