“ It is with both sadness and deep fondness that I reflect on the life of my dear childhood friend, John. We grew up together, sharing countless memories from elementary school through high school. John had a zest for life that was truly infectious, and we had the privilege of participating in many sports together. Whether on the field or off, his camaraderie and good spirit left a lasting impression on everyone around him.

As I look at these treasured photos and the Little League Baseball signed by John and his father, Jack, I am reminded of the warmth and love he shared with those closest to him. These mementos are not just keepsakes—they are stories of laughter, teamwork, and the bond between a father and son that inspired us all.

While we mourn the loss of John, I find comfort in the thought that he is now reunited with his parents and friends who passed before him. I am certain that their reunion is filled with joy and love, just as John brought so much of both into our lives.

John, thank you for the memories, the lessons, and the light you brought into this world. You will be deeply missed, but your legacy will live on in the hearts of all who knew you.

“ Q: *What will you never forget about John?*

A: I met John when we in the 4th grade at Gold Street School. We had a lot of fun growing up. He and I went to Jackson Street Carnivals a couple times. He won me lots of "jacks" that we played with a lot of our friends. Back in the old day, when you also played jump rope, two square, tether ball, etc. Nothing but good thoughts when I think of him, Jimmy Allen, Ray McKenzie, Bill DeAvilla, Linda Smallwood, Patty Teasley and many more kids. Such a good time growing up back then. Knew him the rest of his life and always got a hug. You are with Debbi again for Eternity and in perfect health. Thank you Morgan family for sharing your family with us kids. God Bless him and his family.

“ My deepest sympathy to the family.
I grew up in Yreka, John was one of the gang he was loved and admired by all of us kids. I will always have a warm spot in my heart for him, his smile could melt my heart and he could give a sly knowing grin. You will be missed by all of us that grew up with you.
"I will see you on the other side my friend"
