

John Steves

January 3, 1944 - June 22, 2014

John Steves passed away peacefully at his home on June 22, 2014. John retired to Scott Valley from Los Angeles eight years ago. Before retiring John was a Boatswain's Mate in the Navy, then went on to oversee several large construction sites including the Getty Center. John leaves his wife, Debborah Steves of Etna, his son, Michael Steves of Simi Valley, step daughter's Megan Cobb of Marina, Aimee Critser of Magalia and stepson, Justin Duval of Cottonwood. He will be missed by nine grandchildren and many dear friends. John was a man of honor, a devoted husband and father. He enjoyed many passions in life, including fishing, cooking, and building and racing vintage sprint cars and track roadsters. John was a special person to all who knew him. He shared his life with several rescued animals, loved the outdoors and thrived on being challenged. We will be forever grateful for his sense of humor. Memories of his laughter will carry us through this difficult time. There will be a private service at a later date.
