“ Oh my goodness! I just ran into Darlene at the Post Office it seems not very long before the New Year, having not seen her in a while, and am shocked that she died not long afterwards. She looked great and was very upbeat, as she always was whenever I saw her. I used to run into both Harry and Darlene at Greenhorn Park years ago walking (was it "Lady", or "Baby", their yellow lab). The way I would remember Darlene's name was, "She was Harry's Darlin", and that she was! What a sweet lady, one who will be greatly missed. I am so saddened that I will not see her here on Earth any longer, and I send my condolences and prayers to the family. May God be with you and draw you to his Son Jesus during this time and following. Judy Yawman-Adams
