“ It’s been almost a month since we heard the shocking news that Lorri had left us so soon. Lorri has been a part of our family for 44 years... she is our sister-in-law. I’ve thought of her often these past few weeks and every time I think of her, I think of her laugh. Just sitting around talking... she had a great laugh. She really seemed to enjoy life and especially her family. I remember camping at Lake Siskiyou with Lorri, Randy and their family and Lorri always had everything under control...prepared meals and having fun around the campfire. Lorri was from Iowa and she still had that small town feel about her... she had a deep faith, I remember picking berries with her and she had an incredible talent for crafting! She made absolutely beautiful quilts and gave them as gifts to family. We wanted to come up and visit Lorri when we knew she was so ill... but we weren’t fast enough and we’ll always be sad that we didn’t make it. Our deepest condolences to Randy, Starr, Michelle, Paul, Matt and her entire family. We love you.

“ Lorri always had a happy face when I saw her. I don't ever think I saw her in an angry mood. People need more people like Lorri who made for cheery times.

*I believe that when someone dies, their energy is passed on and found in other people or things. I think her energy brought some peony buds into full lively bloom. I bought them for my mom the day before mother's day, still in bud form. By mother's day one massive pink peony was in its full regalia. Others bloomed from that day forward. My mom said that the peonies created quite a stir at her place of living. People asked if they were fake. I think Lorri was behind the blooms.*

“ I knew Lorri for just over 6 years. It didn't take long for me to realize what a carrying, kind, gentle, sweet lovable lady she was. She raised two sweet and lovable daughters who have followed in her footsteps with all the same great qualities. She was obviously a great roll model for them. It's comforting to know that she is now at peace and in Gods hands. She will be deeply missed by all and deeply loved forever by everyone she has left behind. Words can't explain how grateful I am that she was in my life these past 6 years and that I could be a part of her great family. Rest In Peace my Dear Lady. Love Rod

“ *Kind, Loving, Compassionate, Inspiring, are just a few amount of words that describe the woman you are Grandma. We all love you and know you are watching us from God's kingdom. I remember when I would go over to your house and you, grandpa and I would talk about past memories and just laugh the evening away. Like when you saved Paul and I's lives haha, or when we would not only spend our summer's with you but travel all over the place spending time together. Memories I will hold on too forever. As for our family and friends God is with us. Psalms 62:1-2 My soul finds rest in God alone; my salvation comes from him. He alone is my rock and my salvation; he is my fortress, I will never be shaken. I know Grandma that you and Dad are in the house of the Lord now watching us and are in God's arms. We love and miss you tremendously! May you rest in paradise* 🧡.

“ Lorri , As I always called her, was more like abit older Sister to me than my Niece, I guess being so close in ages. In the late 1960's, She would bring a train a few times and a plane once ,out to Jeferson Iowa for 2 weeks in the Summer. She wanted to be with my Folks , Her Grandpa and Grandma Mull and to be with me. She loved it back here cause the Thunderstorms with the Lighting. 1 night we stayed up the whole night looking out the porch windows towards town. The Lighting Bolts were all over .I can still hear her laughing and the OOO's and AHHH'S. She told me southern California didn't have that much. I had my little sting ray bike.. you sat on the seat..and I had to stand up and pedal every where we went...lol ... The 2 weeks would go so fast..Then it was time for her to leave and it was hard on her too.Then I missed her for a long time. also she was nice enough to type my Term Paper for school. I never was able to type very well. And I didn't know anyone that did or had a typewriter. She said she would so I sent my draft out to her. Wasn't long I got it back. She done a perfect jpb on it. I think I got a B- or a C+ but for me that was like a A .. Thank you so much Lorri for all the things you helped me with in the last 66 yrs.I will always Love you and Miss You..Lorri... Say Hi to everyone in Heaven for me and tell them how much I Miss and Love them...Please...Thanks Lorri...LOVE YOU !!!!!

“ My Mom was so beautiful inside and out. She was always so loving. She had a gentle and kind spirit and everyone loved her. My Mom was the strongest woman I have ever known. When we were young my Mom taught Starr and I about the Lord. Her faith in God was never ending. I have so many sweet memories about my beautiful mommas. She was born on Valentine’s Day for a reason. She was full of love. My Mom is and always will be in my heart and on my mind. I love you and miss you very much Momma. The Lord has his arms wrapped around you now and I know that you are at peace. I am looking forward to seeing you in Heaven when we can all be together again. I will carry you with me always. I love you momma. You are forever my angel 🥰❤️💕😊
