“Marilyn will be dearly missed. She was a special person, friend, co-worker, and employee. I always enjoyed our times together from reviewing paperwork to walking the neighborhood with her and Penny. I'm sorry that I didn't get to express to her recently (although I had in the past) how special she was to me. What a blessing that she was able to be near you both, Karen and Nancy, and be so well cared for by her family. Thinking of you, in sympathy and love ~K. B Miller
