

Michael D. Hogan

March 18, 1961 - June 13, 2014

On June 13th, 2014, Mike lost his long, hard battle with A.L.S. while at his sister's home in Yreka. He was 53 years old.

Mike was born in Sacramento to Robert F. and Catherine (Jones) Hogan. After their divorce in 1971, he moved to Yreka with his mom and sister and attended local schools.

He was a carpenter and roofer, and in later years became a heavy equipment operator. He was very well known through the northwest for the excellent jobs he did in excavating, which took him to many states. In addition, he owned Mike Hogan Excavating in Ashland, OR. He was a proud member of Operating Engineers and was very proud of every job he had done. Mike loved his work!

He was very interested in gold and could tell you many stories of dredging, of all of the hunts he made, including bear and elk, and of his many jobs throughout the years.

Mike is survived by his 2 daughters, Ashley and Melissa, his grandson, Dekota, all of Caldwell, Idaho; his step-mother, Carleen Hogan, his sister, Sandi Wood, and his nephew Tad Cronin, all of Yreka, and his nephew Phil Hopper and his wife, Cat, of Ft. Worth, Texas.

As per his request, no services will take place.

Mike, may you have many horses to ride and many rivers to dredge with your faithful Bufford by your side. We love and miss you.
