“ Jan, my deepest condolences of your loss of first Bob and the Mike. They were the first students I met in Callahan, and because of our friendship, I got to know them the best and have many memories of horse riding and other things together. I ran into Mike once years after school and we had a long talk reminiscing. Bob was strong on my mind and I Googled his name and saw his obit. My son just told me about Mike. Both are great shocks to me for I always thought highly of those two boys. Kathy Flanagan Moore

“ Jan, so very sorry to hear about Mike. I got to know him over the past few years while he was hanging out at Shawn's up in Callahan. He was always willing to help & he was a hard worker once he got into a project. This summer he helped Shawn bring an old woodstove for my shop up to my new place. I really appreciated the help with the heavy lifting. They were only here for about 1 hour, but in that time he had planned out how I should landscape the rock pile I live on. I really appreciated talking with someone that had a vision of what my yard could be without thinking about the hard physical aspect of it all. He will be missed.

“ Jan, we were so sorry to hear about Mike. We think it is hard for a parent to lose a child at any age, and we are praying for your comfort during this difficult time.
