“ I met Philip at Big Springs Elementary when we were in Mr. Clark's 5th grade class. He's always been such a good friend to me. He never failed to always reach out to me on the holidays to wish me the best and check to see how I was doing. I always thought great things about him. I'm thankful to have crossed paths with him and was able to get to know such a kind soul ❤️

“ I remember trips to the coast with my dad and the three brothers all laying in the back of our pick up watching the tall trees headed for Crescent city to see my mom. And spend time at the ocean

“ I had never driven a corvette before, Phil and I went for an awesome summer night drive leaving Yreka headed towards Montague when he said do you wanna' drive. I said I do t have a license 🤔🤔 he said so what I trust you. He let me drive and I got up to 80 mph.. back then that was fast. I drive that now all the time 🤪 we were young wild and crazy ❤️ he was a good friend that never spoke a sour word towards anyone. We kept in contact over the years and his passing is difficult. I miss you, gone too soon my dear!
