

Randolph Lee Parker

April 15, 1955 - December 26, 2021

Randolph "Randy" Lee Parker, age 67, passed away on December 26, 2021 following a short battle with cancer.

Randy was the son of Warren and Dorothy Parker of McConaughy Gulch in Scott Valley. After graduating from Etna Union High School, Randy served in the Coast Guard, and held several jobs away from the valley. He eventually settled at "the old home place," and became what many describe as the best timber faller in the area.

Randy loved working in the woods, operating gold mines with his partners, exploring with his beloved dogs, hunting, hiking and camping. He found great pleasure in solitude with a book and a beer in a distant mountain campground. He had a commanding energy which, now absent, is missed throughout the Valley.

According to his wishes, a service will not be held. Donations to Madrone Hospice in Yreka would be deeply appreciated in lieu of flowers.

Tribute Wall

JD

“ I had the pleasure to work with Randy. He gave me my first pair of calked boots. He will be missed. Hell of a timber faller!
