“ So many great memories of doing fun stuff with the Jacksons! Bob was such a great guy and trailing far behind him in the Marble mountains is one of the best memories I have. Love and hugs to Virginia, Beth, Margaret, Karen, and families.

“ Bob and Virginia have been our neighbors for about 45 years. He was a great person and we will miss him terribly. Will miss watching him on his walks or throwing the frisbee for his chocolate lab Kimber. Will miss the sparkle in his eyes when we would take him salmon. He loved his salmon. We are grateful to have known him. Our love and prayers to the family. Earlene and Larry.
