“ Dear Sally: Just learned of you passing here on earth, but your smile and laugh are always with me. We were neighbors in the Marconi Apartments, for years. We were dental assistants together, you went on to Sutter Hospital and I went on to work for the State of California. So sorry I did not keep in touch. I recall you had ovarian cancer and went through the treatments, and recovered. That was the last I remember. I sent a few Christmas cards, no response. May all the angels surround you and bless you in Heaven. My condolences to all your family. My prayers to you. Theresa June Eve
