

Sanith Out

January 19, 1984 - June 27, 2017

This is my husband, my kids' father, my heart and soul, my world

Sanith Out was taken from us suddenly on June 27, 2017 from a motorcycle accident. He was doing what he loved, taking his corners fast and loving the ride. Sanith loved bikes and cars – anything with a fast motor. Sanith was one of a kind and I was the lucky woman he fell in love with. You could say that opposites attract. We celebrated our thirteenth anniversary June 26th doing exactly what took him from me. However, we loved to ride and I can't be mad at that.

Above all, Sanith was a family man; he did everything for us. He took on three kids as his own and was an example to them of the importance to always work hard and better your self. Michaela, Trenton and Kaitlyn were so lucky to have him in their lives. Madison was born a year after we were married making our family complete.

Sanith loved his job as a wildland fire fighter. He supported us, but his job, also, took him away from us a lot, but that was the job and we respected that. Sanith was just 34 years old; not enough time in this world, not enough at all. Sanith leaves behind a wife, four children, his mother and father, his three sisters and brother, and an extended family from his United States Forest Service job

As Sanith would say, "I love to ride, it's just me." Now he is free to ride until I get on that bike and hold him again, and smack him for going too fast.

Sanith, you will be missed by so many. You can rest now. Your bikes and cars

are all yours and you can go as fast as you want. You are forever in my heart.
I love you, babe.

A celebration of life will be held at his home Wednesday, July 5th at 10 AM.

“ I do not know Sanith. I do not know his wife. Regardless, I want to let you, the wife, know that you are incredible and beautiful. You speak from your heart. May you feel the love and support that surrounds you. May you find peace at the end of all of the tears. May you give yourself you-time regardless of the many sweet children's eyes staring into your eyes looking for 'what's next'. It is ok to escape here and there. Time. It takes time. Nothing is fair. Between stimulus and response lies choice. My kindest thoughts your way as you get through this next week and upcoming year. Blessings to you dear wife and incredible mother. Blessings.

“ *Much love to his family, as you were his reason. Much love to his friends, and all who knew him...he was one of a kind and will leave this world a bit less dim without his light. Rest in peace my friend...*
