“ I have not seen Billie for many, many years but I remember him as the cute blonde kid who was the youngest of the Twitchell family. The family, at that time, lived out on the "Gazelle 99 straight away " and where the entire family worked very, very hard to provide for their family via their restaurant. As I recall, Billie was a bit o a "stinker" and the apple of his parents and older siblings eyes. My love and prayers go out to Billie's family and friends - always. R.I.P. dear Billie.
